

## **Challenger Volunteer Agreement**

As a Challenger Volunteer, I agree to:

1. Sign in and out and wear my name tag at all times.
2. Leave my parent hat at home. I will remember that I am here to help the teacher and all students, not just my own.
3. Remember that teachers have different teaching styles and they are in charge of the class.
4. Listen and follow the instructions, helping the students to do so as well.
5. Assist students by giving them the kind of help that allows them to come to the right answers themselves.
6. Ask for specific behaviors in small groups (i.e., remember to raise your hands) and remind students of the rules and consequences.
7. Demonstrate good classroom etiquette.
8. Respect each student's ability, learning style, and right to privacy.
9. Notify the teacher, office, or school nurse in case of student injury.
10. When on field trips, focus my attention on the students in my charge.
11. Ask for an appointment if I need one-on-one time with my student's teacher.
12. Follow through with commitments: be on time and consistent.

### **Confidentiality Guidelines**

- We all have a right to respect and privacy
- Privacy includes behavior and academic performance
- Only discuss with the teacher!
- Never discuss within earshot of another student
- Never discuss within earshot of another parent
- Teachers may need to share info with you, but that info does not leave the classroom
